

Dear Sir, Madam,

In addition to our services to/from Africa and Asia, we are broadening our transatlantic service scope. In order to support the continuing growth of our American client portfolio, the team of Polytra International Logistics has recently been reinforced by Mr Thomas Keuppens (phone: +32 474 10 99 74) acting as Route Manager USA. Thomas has built up his logistics experience through the start-up of a distribution platform in France, business development on production and distribution logistics and the key account management of internationally operating groups in the automotive and industrial sectors.

This aligns with Polytra's focus on the Automotive and Industrial (chemicals and plastics) sectors. Sport and leisure (including textiles, garments and shoes) and 'Hospital and healthcare supplies' are the two remaining sectors we mainly focus on.

Due to the increased volumes in air freight, both inbound and outbound, Polytra now has a fully operational office at Brussels Airport.

Last but not least Polytra now has its own representative in Tanzania - Dar Es Salaam.

Best regards,

Polytra International Logistics nv
