

POLYTRA TRANSPORT ENGINEERING & CONSULTING
INTERNATIONAL LOGISTICS

Dear Sir, Madam,

Exciting times lying ahead! After more than 40 years, Polytra is moving its offices from downtown Antwerp to Berchem. Our new facilities will house all our operational and back office departments. As from September 15th 2008 our offices will be located at:

Potvlietlaan 7 - 2600 Berchem (Antwerp), Belgium

Phone and fax numbers as well as e-mail addresses remain unchanged. As we are moving on September 12th, minor communication problems might occur. Thanks you for understanding.

At the same time our alliance partner for warehousing and distribution, **Tailormade Logistics**, started the construction of the first phase of a new warehouse complex of 85,000 m² in Ghent. This will enable our customers to have their goods stored in a state-of-the-art warehouse. This

As from October 17th liner shipping conferences in the trades serving Europe will cease to exist. This means that container shipping lines will individually create their own tariffs and freight rates as well as other charges including, but not limited to, fuel, currency exchanges and terminal handling.

We are committed to communicating this change in a cohesive and transparent manner by distributing the update notice whenever there is an advice from carriers. Attached you will find the latest update on BAF and CAF.

CILF 2008

Polytra will be present at the China (Shenzhen) International Logistics Fair - November 7-9

More information: www.scmfair.com/en/index.asp

Best regards,

Polytra International Logistics nv
